BADGE PRESENTATION CEREMONY
On Monday all school leaders were presented with their badges. In the Robertson tradition, the badges were pinned on the students by their parents. Students were delighted to have their parents involved in the ceremony.

Councillor Steven Huang presented badges to the school captains and Ms Vanderbyl’s Year 6 choir enriched the ceremony with the song “Dare to Dream”.

Congratulations to all the school leaders for 2015 and to Ms Balladone for her organisation of the ceremony.

PARENT REPS
This year we are taking a different approach to our parent rep position. We are splitting the role so that the classroom reps do not have to manage anything to do with the fete. We are creating a new position to cover this event. We would like one parent rep per year level to coordinate fete activities.

Job descriptions
Class rep to:
• Liaise with the classroom teacher and help with the organisation of parents as directed for classroom activities.
• Communicate with the class community via email (set up by school)
• Arrange help for the collection of money for charity uniform free days.

Fete rep to:
• Liaise with the fete committee and parents re volunteers for the fete stall
• Communicate with the classes of the assigned year level, informing about up-coming events and requirements
• Coordinate the development of rosters for fete day helpers
• Work with DP and fete committee.

I ask that you please consider volunteering for one of these positions this year. If you would like more information about the role requirements, please don’t hesitate to ask.

PARENT CALENDAR
The annual parent calendar will be issued in the upcoming week or two. This calendar was accurate at the time of printing however things do change through the year. Please always check the newsletter for the correct information for the upcoming weeks. This is the most accurate calendar and will reflect changes in dates and events.

NEW AWARDS
This year the class teachers will be selecting one child a week who has demonstrated the You Can Do It (YCDI) foundation for the term. They will receive a certificate and be recognised on assembly.

They will also be recognised on our new YCDI page in this newsletter.

Our Achievement Through Effort awards will still be handed out once a month. These students will now be recognised on assembly and be on display in the Admin block for the following month for their achievements to be seen by the school community coming through the office.

Please help us to celebrate with the recipients of these awards.

Have a great week.

JOGGING CLUB

In the coming weeks the jogging club will resume. Jogging club is an opportunity for students to further develop their fitness levels, as well as help us prepare for the school cross country on Tuesday 24 March.

Final details will be announced on assembly and through the newsletter. Jogging club sessions will be scheduled in the morning before school from 8:30am. Watch this space for more details.

In 2014 Robertson won the Sunnybank District Cross Country ‘A’ Division, we hope to maintain this proud tradition in 2015.

HEALTHY EATING
As the weeks have passed students have begun to settle into the routine of school life. We encourage you to talk to them about healthy choices for lunch.

The contents of their lunch box will fuel their creative, imaginative and higher order thinking classroom activities as well as the fun, adventurous and stimulating lunchtime pursuits.

As a guide we like to encourage
• GREEN – have plenty foods,
• ORANGE – select carefully foods
• RED- occasional foods.

ASSEMBLY
A reminder that in 2015 the whole school assembly will continue to be held on Monday afternoon in the activity centre. The assembly commencement time has changed and will begin at 2:15 pm.

YOU CAN DO IT!

Welcome to our first week of the new You Can Do It (YCDI) page. This section will celebrate those students who have been seen demonstrating the foundations of the term by the teachers. It will also give information to families about the foundations and ways to support your children with the program at home, using the same language we do at school.

You Can Do It! Education (YCDI) is a school-home-community approach to helping young people achieve to the best of their ability and experience positive social-emotional well-being. It is being used as a framework and tool by thousands of schools throughout the world to help develop the 5 Foundations and the 12 positive Habits of the Mind, leading to a variety of positive outcomes in children and young people, including health, feeling safe, achievement, positive contributions and economic well-being.

The goals of this YCDI program are represented in the accompanying triangle. At the top of the triangle – Objectives – are the goals we have for all children. We want all children to achieve to the best of their ability, and to experience positive social-emotional-behavioural well-being (presence of happiness and positive relationships, and absence of troubling emotions, aggressive behaviour and unhealthy behaviour).

The middle level of the triangle – education – represents typical efforts in education to help children with different problems to achieve the objectives listed at the top of the triangle. The bottom of the triangle – Foundations – represents a new and critical focus for teachers and parents seeking positive ways to influence their children’s development. Based on research, the YCDI model for supporting the development of young people rests on the assumption that fundamental to a young person’s growth is his/her ability to be confident, persistent and organised, to get along and to be emotionally resilient.

This term’s foundations are Organisation and Resilience. As you can see from the above diagram resilience will be addressed over the entire year as it underpins every interaction we have.

Next week we will share information about the foundations. Please discuss with your child and use the language of the program at home.

Congratulations to our winners.

There are no Prep names yet as they are just starting. Stay tuned for next week!

Weekly Winners
ICAS 2015
It is time to announce the dates and fees for the 2015 ICAS competitions. Each year our school participates in the ICAS (formerly UNSW) Competitions. These are external activities that individual students may choose to do. On completion of the competition, the answer sheet is sent to the University of New South Wales to be marked and the results are then sent to each child, with a certificate, through the school. In the past, our students have been very successful in these competitions.

Due to time constraints with our busy curriculum, these competitions will be offered out of school hours. They will be run from 7:45am on the given morning, with all students completing the test in classrooms under supervision. All tests will be finished by 9:00am. Should your child be unable to attend on the specified day, one make-up test will be offered. As we are using regular classrooms for the competitions, students who arrive after the test has started, cannot be given extra time.

Years 2-6 can register for the English, Maths and Science competitions, while Years 3-6 can also register for Digital Technologies, Writing and spelling. Please note that the Digital Technologies test is administered as a pencil and paper booklet with multiple choice answers. If you're interested in looking at examples of the tests, please go to https://www.eaa.unsw.edu.au/icas/preparation.

An invoice with one final payment date will be issued to students in the next few weeks. Please see the competition dates and fees below.

Yr 3-6 Digital Technologies on Tuesday 19 May - $8.80
Yr 2-6 Science on Wednesday 3 June - $8.80
Yr 3-6 Writing on Monday 15 June - $18.70
Yr 3-6 Spelling on Tuesday 16 June - $12.10
Yr 2-6 English on Tuesday 28 July - $8.80
Yr 2-6 Mathematics on Tuesday 11 August - $8.80
